

The radio station K-LOVE is a wonderful way to broadcast good, wholesome programming based with powerful and positive messages that I am comfortable letting my 9-year old listen to. If K-LOVE were displaced by an LPFM broadcaster providing other programming it would be a shame, as there is no guarantee of it being replaced by something the entire family can listen to without fear of offensive material. The service K-Love provides the public is exactly what this country needs to keep our morals in check and allows us to draw closer to GOD. This country is already upside down and there isn't much we can hold on to in any kind of broadcasting, whether it be via television, internet, or radio. Please don't take away the one thing that my family and I count on that's wholesome and pure in nature.
